Section VII	- Precautions for Safe Handling and Use	
Steps to be taken in ca	ase Material is Released or Spilled Special Precautions: Use good	housekeeping practices to prevent accumulation of dust
	and to keep airborne dust	to a minimum.
Waste Disposal Metho	Do not incinerate. Dust, etc follow federal, state, and lo	ocal regulations regarding disposal.
	ten in Handling and Storing; Not to be stored near open flame. I	Not to be stored in areas where the temperature exceeds
150°F.		
Other Precautions;	None during normal use	
Section VIII	Control Measures	
Respiratory Protection	(Specify Type)	
	st/fume respirator should be used during welding or burning if C	
Ventilation	Local Exhaust	SPECIAL
	As needed to remove fumes	None
	Mechanical (General)	Other
	As needed to remove fumes and/or dust	None
Protective Gloves;		Eye Protection;
	ding or burning.	Safety glasses should always be worn when grinding or cutting;
Other Protective Cloth	ing or Equipment; As required	
Work/Hygienic Practic		
Section IX	Additional Information	
This product has been	determined to be RoHS and REACH compliant from current information	on available.
